

You need to be at NERM in Boston June 14-17, 2023

NERM 2023 is likely be the largest and, we hope, most significant conference in chemistry and related disciplines in the Northeast in the foreseeable future.

NERM Meeting & Exposition attracts chemists, chemical engineers, academics, graduate and undergraduate students, and other related professionals

Chemistry: Crossing Intersections, will be reflected in the technical program featuring research that crosses and transcends the traditional boundaries of chemistry and chemical engineering.
